ADDITIONAL COMMENTS: (here or on back)

The Corunna City Council committee will make every effort to include names of WWII Veterans that were originally missed when the memorial was engraved in 1945. The following criteria was used to determine eligibility for having a name added to the memorial in 2010: residence in the city of Corunna or close vicinity and proof of military service prior to November 11, 1946 (Veteran's Day). Additional criteria is under consideration at this time. Our goal is to have the engraving done by Memorial Day, 2011. You will be contacted by phone or mail as to the decision made by the committee considering this request. Additional applications are available at City Hall in Corunna (Fire Station Building).

\* If you do not have a copy of the military discharge papers, the next of kin can receive one free of charge by contacting the Veteran's Affairs Office on Norton St. in Corunna.
